NOTICE OF HARDWOOD SALVAGE TIMBER FOR SALE

Preparation Canyon State Park SALVAGE SALE

The State of Iowa is offering for sale 150 Acres of trees of which 76 are black walnuts and have approximately 28,500 board feet. The remainder of species include Bur Oak, Ash, Locust, Elm, Basswood, Hackberry with approximately 277,500 board feet Scibner (more or less). These trees are located in Preparation Canyon State Park. The Walnut trees that we were able to find are marked with blue paint. The trees are north and east of the entrance road into the park and eastwardly throughout the park for about 1/3 mile width. The park is located, in Section 24 of Sioux Township (T82N, R44W) in Monona county. Please see the enclosed map. Bidders should satisfy themselves by examination as to the quality and quantity of timber offered. Below is a table of species and content.

Sealed bids will be received until **1:00 p.m., Friday, November 14, 2008**, at which time bids will be opened and the sale awarded to the highest bidder, except that the seller reserves the right to reject any or all bids.

Mail or deliver bids to **Brent Olson, Area Forester, Loess Hills Sate Forest, Box 158, 206 Polk St., Pisgah, IA. 51564. Phone 712-456-2924.** Telephoned bids will not be accepted. Bids will be opened at the Loess Hills State Forest Visitor Center Headquarters.

The successful bidder must execute a timber sale contract with the State of Iowa by **December 5, 2008**, and make payment at that time also. Trees must be removed by **March 31st, 2009**. Liability insurance is required. Buyers must be bonded.

Special Conditions.

1. Logging and transporting of logs will be permitted only when the ground is firm.
2. Trails and access lanes, rivers, and streams must be left free of tops and debris. All trails must be left smooth without ruts.
3. The areas are open to logging activities from **October 1st to March 1st**. or in the summer months if dry and firm soil conditions exist.
4. The area manager, Brent Olson must be notified when the logger is operating on the area.
5. Trees marked must be cut and dropped.
6. When near the fringe of the damaged area, if trees have more than 50 % crown, leave them.
7. Best Management Practices are to be followed.

For further information, contact Brent Olson at 712-456-2924.
